Managing Your Costs

PacificSource Network Providers

SmartHealth network providers have agreed to discount their services to be a part of the network. By utilizing a SmartHealth provider you are automatically getting that discount. The discount varies by service but can be significant!

Urgent Care vs. Emergency Room

For minor non-life threatening situations using Urgent Care facilities versus an emergency room may save you money. Urgent Care facilities often take walk-ins and some have evening and weekend hours. Urgent Care facilities can be used for wounds/cuts, broken/fractured bones, ear/eye infections, flu and cold symptoms, etc. If it has "emergency" or "ER" in the name you will be charged for an emergency room visit and not an urgent care visit.

Generic vs. Brand Prescription Drugs

If your doctor prescribes a medication, ask if there is a generic equivalent for you to take. Generic equivalent drugs are required to have the same active ingredient(s), strength and dosage of the brand name product, and can save you a significant amount of money depending on the prescription. If a generic is not available, ask your doctor if there are different drugs you can take that would be more cost effective.

Preventive Care

Your employer sponsored health plan covers age appropriate preventive services at 100% with the deductible waived if you are using an in-network provider. For a complete list of eligible preventive benefits, visit: www.healthcare.gov/coverage/preventive-care-benefits/

Flexible Spending Account Benefit Overview

Administered by: EBMS

Enrollment in the Flexible Spending Account plan is an annual event that typically occurs in May during open enrollment. FSA Elections made will take effect July 1st. Participating in an FSA is an excellent way of reducing your medical and dependent care costs by electing to pay these expenses in pre-tax dollars. If you elect to participate in the medical plan, and have a health savings account (HSA), you will not be eligible for medical flexible spending account.

All employees are eligible to participate in the daycare flex plan.

Note: for 2023, the maximum for the medical flex is \$3,050. The maximum for the dependent care is \$5,000, or \$2,500 if married and filing separate tax returns (subject to change annually).

Health Savings Account (HSA)

Administered by: HealthEquity

A Health Savings Account (HSA) is an account funded to help you save for future medical expenses. Unused HSA funds roll over from year to year and remain with the employee if they leave employment. There are certain advantages to putting money into these accounts, including favorable tax treatment.

Any adult can have an HSA if you:

- ✓ Are not enrolled in Medicare.
- ✓ Have coverage under an HSA-qualified, high-deductible health plan (HDHP).
- ✓ Cannot be claimed as a dependent on someone else's tax return.
- ✓ Have no other first-dollar medical coverage. Other types of insurance, such as specific injury or accident, disability, dental care, vision care, or long-term care, are permitted.

Contribution Limits

	2023
Employee Only	\$3,850
Employee + 1 or more	\$7,750
Age 55+ Catch-Up Contribution	\$1,000

401(k) Benefit Overview

Planning and saving well are keys to living well when you reach retirement. Yellowstone Boys and Girls Ranch offers employees the opportunity to invest in their future through a 401(k) Retirement Plan through Empower.

- To become a Plan Participant, you must complete one year of service, work a minimum of 1,000 hours and be over the age of 21.
- Participants will enter the plan on July 1st, October 1st, and January 1st or April 1st, whichever coincides with or next follows the eligibility date.
- Auto-Enrollment will apply for those who become eligible for the plan on or after this date. Those who are automatically enrolled will contribute at a pre-tax election of 2%. EMPLOYEES MUST OPT OUT TO AVOID AUTO-ENROLLMENT.
- Once you are a Plan Participant, your 401(k) Contributions will be made through payroll deductions. Employee may elect to defer either pre-tax or Roth (post-tax) contributions.
- Employee contributions are automatically 100% vested. Company contribution amounts are discretionary; however YBGR is committed to an employer match of 25% of what you contribute on the first 6% of your compensation (1.5% of compensation total possible match) on a quarterly basis. No matching contribution that YBGR chooses will exceed 6% of a participant's compensation.
- Participants may defer up to 100% of compensation up to applicable ERISA guidelines or \$22,500 (\$30,000 for those age 50 or over).
- At completion of two years' employment, participants vest at 20% per year in YBGR's contributions to the employee's 401(k) account, becoming 100% vested after 6 years of employment.
